Aloe Variegata, Tiger Aloe.

We are able to offer the above mentioned seed secured from Robert Blossfeld, of Potsdam, Germany, at \$10.00 per thousand seed.

Here is what he says about it: "Die schönste und beliebteste schnellwuchsige Sorte (the finest and most favoured quick growing succulent with variegated leaves.)"

Place your order with us at once, as this is an item in great demand, and one that grows quickly.
